

OTRUM EVOLUTION - HIGH SPEED INTERNET ACCESS

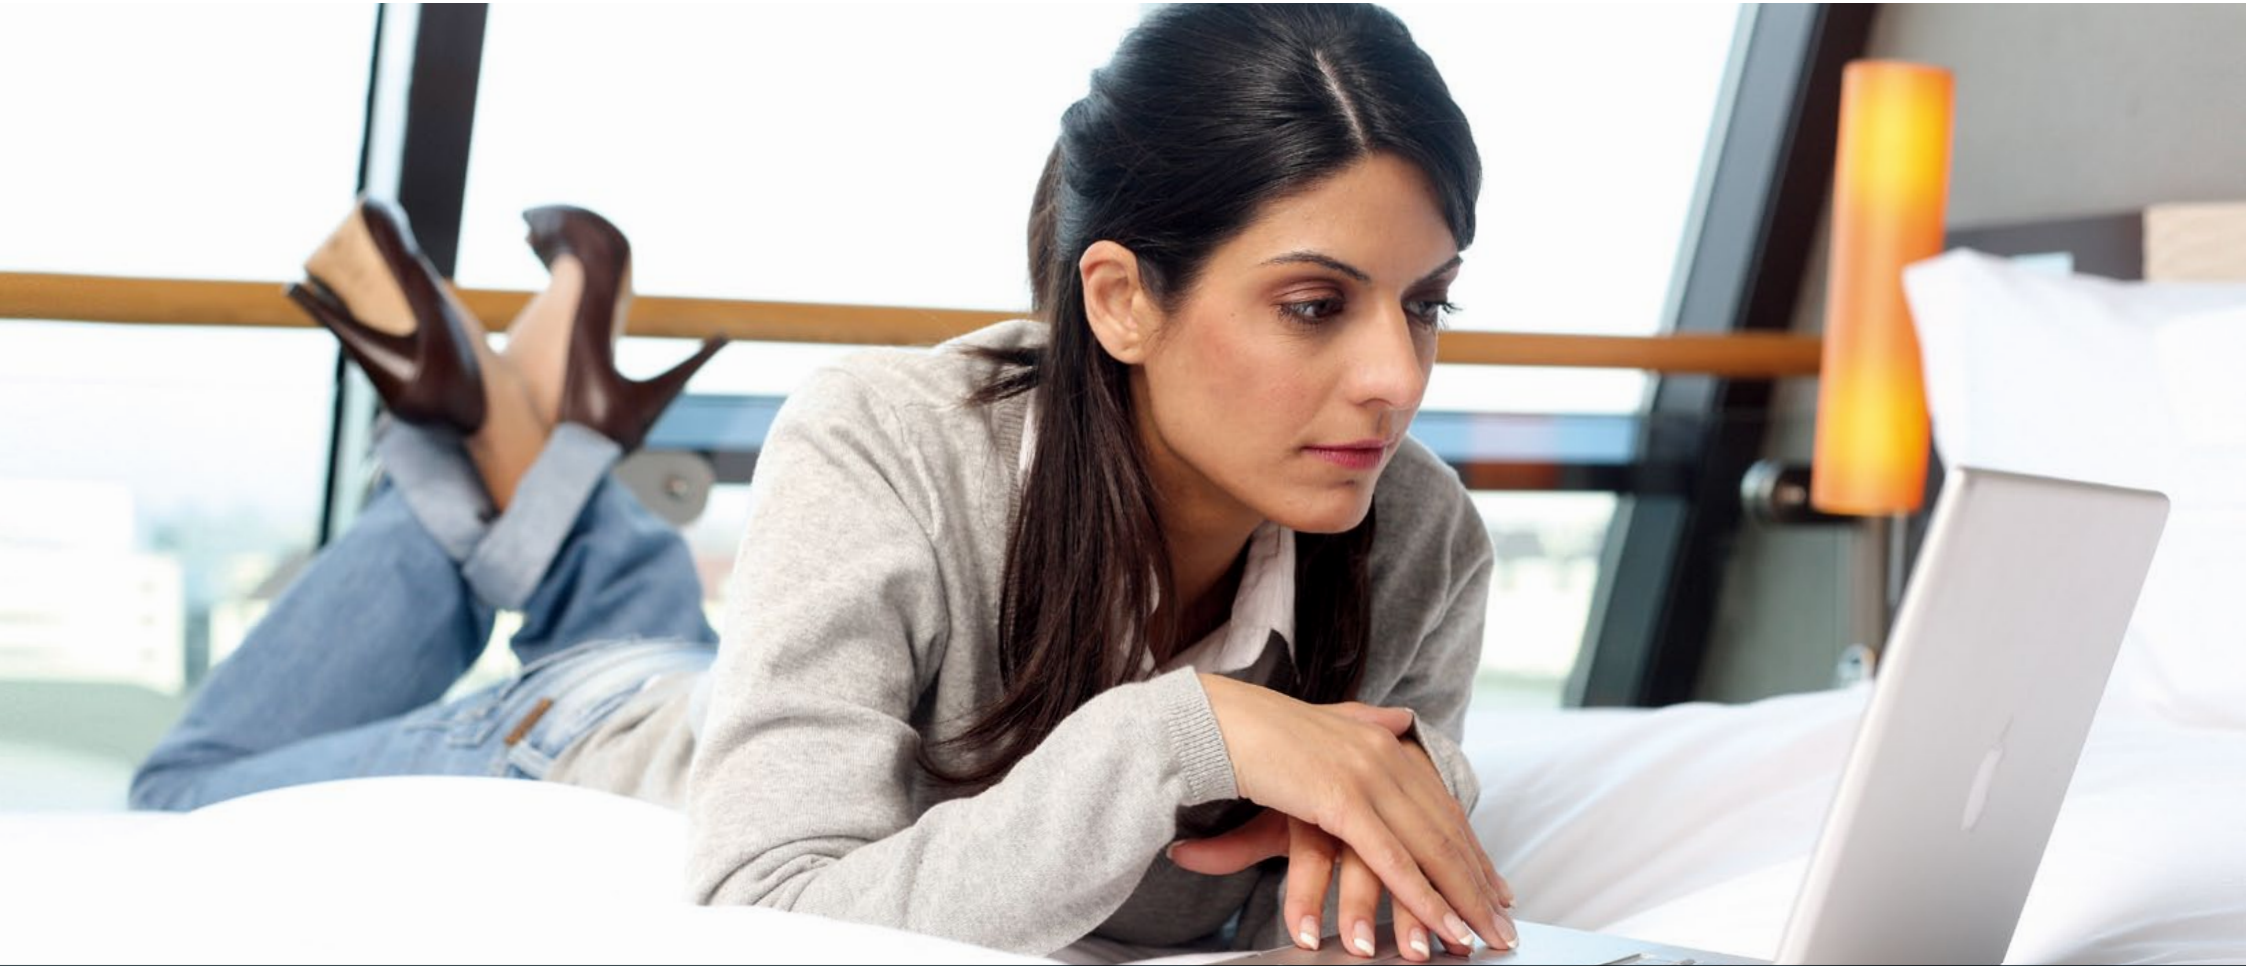

OTRUM is more than just interactive TV. Our latest platform, OTRUM Evolution, offers you the most cost effective, powerful, yet simple high speed internet access solution on the market.

OTRUM Evolution HSIA can be configured to work through any network architecture. Its flexibility allows you to charge for time, bandwidth, a combination between the two, according to tiered levels of access or service, or provide free of charge.

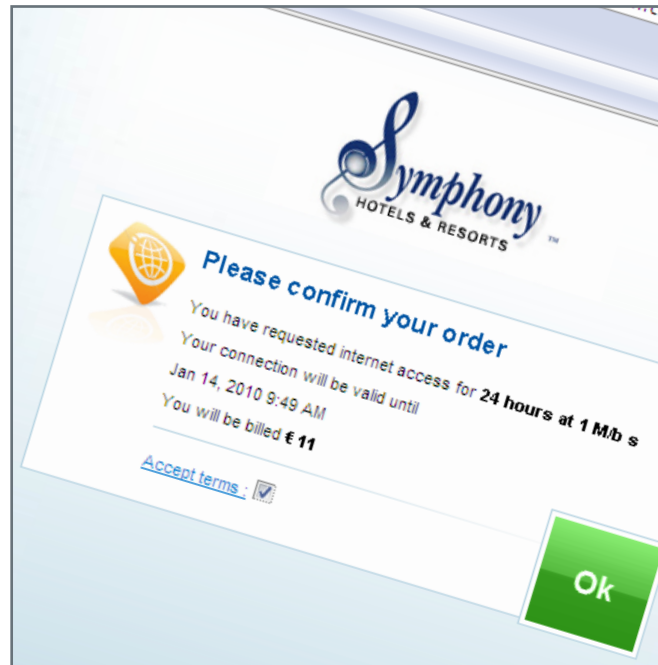

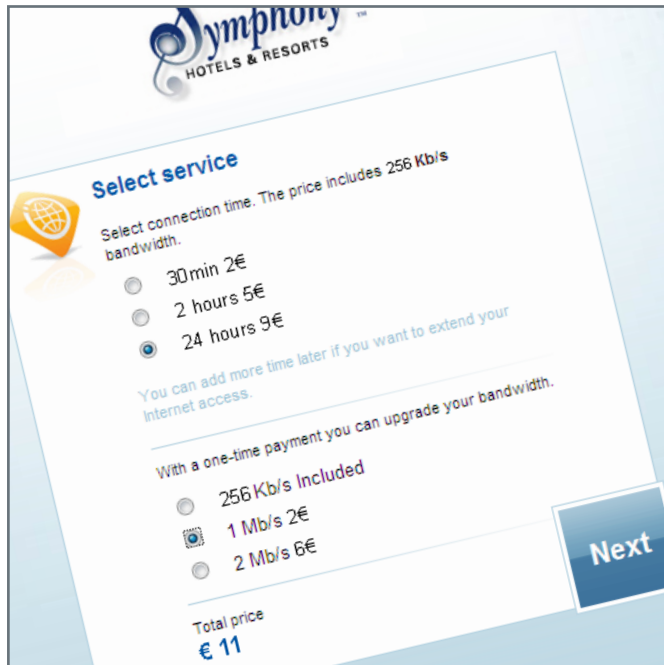

A robust proven solution, OTRUM Evolution HSIA is compatible with Ethernet networks, coax cabling, wireless networks, or any combination of these. You determine whether your guests login with their name and room number or via an access code from reception. Guests are permitted to roam freely from wired to wireless networks within the property.

Fixed IP's and VPN connections are handled seamlessly and without user intervention, allowing hotel staff to focus on their jobs, and your guests with theirs.

Flexible and integrated in design and operation, OTRUM Evolution's HSIA will work with whatever your current network may be, utilising the existing OTRUM TV hardware, and thereby eliminating the clutter and extra cost associated with extra DSL and cable modems in the room.

OTRUM EVOLUTION - HIGH SPEED INTERNET ACCESS

TRY BEFORE YOU BUY

Why not let your guests try HSIA for free for a finite period of time, and impose a fee for longer connections or improved bandwidth?

BUILD YOUR OWN TARIFF

Let your guests decide how much they want to pay for their HSIA by allowing them to select the required bandwidth and connection duration. Light users pay less, heavy users pay more - either way, your guests get what they need for as long as they need it.

UPGRADE ANYTIME

Guests can easily upgrade their HSIA by adding more time or bandwidth should they discover their chosen tariff is insufficient for their needs.

BUNDLING: HSIA & MOVIES

Bundling options allow movies and HSIA to be sold to your guests for a combined special offer while being billed under a single charge.

PAY BY CREDIT CARD

Guests can conveniently pay online for their HSIA usage using any major credit card,

WIRELESS ROAMING

The HSIA subscription follows your guests throughout the hotel to join established wireless zones. Your guests can unplug their laptops and move to the bar, the lobby, conference facilities, etc., all at their convenience.

CONFERENCE AND MEETING GUESTS

For non-resident hotel visitors, HSIA can be provided as a premium service using vouchers from the reception or conference desk.

365 / 24 / 7 SUPPORT

OTRUM provides around the clock support should your guests have any need for technical assistance.
